Motion Design & Video Editing (After Effects, Premiere Pro)
Web Accessibility (WCAG)
3D Asset Integration (Maya Autodesk)

Development

Web Development (HTML, CSS, JavaScript)
Mobile & Software Development (Java, React Native)
SEO / AEO Fundamentals
Git Collaboration
Game Design (Processing, Java)

Professional Skills

Project Coordination • Team Collaboration • Content Organization • Time Management • Attention to Detail • Problem-Solving • Adaptability

EXPERIENCE

Web Development / Design Project - MaPastry Bakery Website

Feb – Mar 2026

- Developed a responsive website using HTML, CSS, and JavaScript with clean, semantic, maintainable front-end code.
- Implemented interactive navigation and responsive layouts (Flexbox/Grid) with accessible, user-friendly design patterns.
- Combined front-end development with modern visual design principles for an engaging, WCAG-conscious interface.

UI/UX Design Project - Multi-Brand Landing Page Design Sprint

Oct 2025

- Designed four high-fidelity landing pages in Figma during a 4-day sprint for companies across different industries.
- Managed the end-to-end design process: layouts, typography, colour, and visual hierarchy.
- Applied UI/UX and responsive design principles to create engaging, user-centred interfaces.

ADDITIONAL EXPERIENCE

Front-of-House - Paul French Restaurant, Café & Bakery

Apr 2026 – Present

- Provided customer service in a fast-paced environment, managing orders, payments, and teamwork to ensure smooth operations.
-

Volunteer - Amazon Day Coding Activity

Sep 2025

- Assisted children with beginner Python activities, using clear communication and patience in a structured learning environment.
